

Association For
BUILDING SECURITY
I N D I A

TOWARDS SECURE BUILDINGS TODAY.....AND BUILDING A SECURE TOMMOROW.

BUILDING SECURITY

The term refers to-
-the security in the specific context of **buildings and built environments**
-and also the process of **building and designing-in** the security as
natural (embedded) design elements & approach.

This subject has been basic to architecture, its origin, and evolution but gaining prominence once again today with the ever-changing crime and threat profiles globally. Unlike traditional approach to security and defense, this relies heavily on balancing effective security with its perceptibility and mental comfort.

THE ASSOCIATION

- Current.... followers and advocates of Security by design integrated in the thread of the Built environment
- Future.... practitioners of Security by design integrated in the thread of the Built environment
- Bridge.... between the Security professionals & Designers of the built environment
- Integrating.. to achieve effectively, perpetually and comfortably secure living

THE MISSION

1. URBAN SECURITY

- **CRIME PREVENTION by DESIGN** integration, creativity and natural security.
- Incentivization of **EFFECTIVE SECURITY** that is economical and not theatric.
- **WOMEN'S SECURITY** and personal security for seniors and children.

2. URBAN RESILIENCE

- Mental peace and **RESILIENCE** of urban environment.
- Resistance, response and recovery of buildings and urban environments.

3. URBAN LIVEABILITY

- **'Secure' SMART CITIES** and urban planning methodologies in sync with global pedagogy
- Secure, sustainable, **LIVABLE** and Surakshit Bharat.

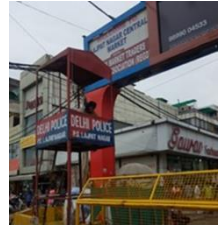

PROJECTS

MASTER PLAN of DELHI 2041 - knowledge sharing & support
National Institute of Urban Affairs, New Delhi.

RESEARCH PROJECTS & PUBLISHED PAPERS

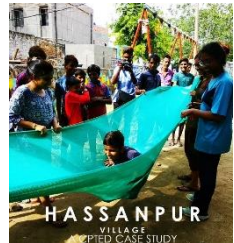

Delhi Security Challenges- crime & terror
A Gated community in Delhi- new direction in CPTED.

Women's Security- 1st & 2nd Gen CPTED in India
Delhi Mohallas- the evolution of a neighborhood and its CPTED.

Delhi Markets- Indian CPTED against crime & terror
Lajpat Nagar Bazaar- presentation at ICA conference at Cancun 2019

New Delhi Schools- CPTED for behavioural correction
Proposal with government

Social Engineering- using CPTED interventions
CPTED in Social Upliftment case study of Hassanpur village in Delhi.

PUBLIC ADVOCACY

ABSJ seeks every opportunity for altruistic dissemination of this knowledge towards integration of the subject into project conceptualization, construction and management systems.

COUNTER TERROR

Counter Terror related building requirements

26/11 & 9/11 mark a new era of security and mandatory stipulations with regard to the buildings especially public and sensitive ones.

- *Though we see a lot of security and checks around us, how effective are these?*
- *Do they have to be so fearsome and in the face?*
- *Is this level of overt security globally 'normal'?*
- *What programmatic and design considerations do they warrant?*

SECURITY BY DESIGN

INTEGRATED SECURITY

EMBEDDED SECURITY

URBAN SECURITY

URBAN RESILIENCE

URBAN LIVEABILITY

Effective security

Natural, permanent. Incorruptible

Cost effective & savings upto 15%

Creative, aesthetic & non-fearsome

Efficient & ergonomic

Sensible and appropriate

The New WTC1, New York and the Akshardham temple, Delhi though very different are equally sound examples of Integrated Security by Design

Crime Prevention Through Environmental Design (CPTED) or Safe by Design or Design Out Crime

- the Indian chapter of the International CPTED Association (ICA)
- Developed countries like US, Canada, UK, Japan, Australia and most of the European nations are using these theories of 1st and 2nd generation CPTED towards prevention of crime and boosting economies.
- CPTED theories in use since 1970s across developed world.
- Many countries have special byelaws and regulations based on CPTED esp to regulate designs of School etc.

Ideal Solution for

WOMEN'S SECURITY ISSUES
SENIORS/CHILDREN/Personal Security
PUBLIC TRANSPORT RELATED CRIMES
CRIME PREVENTION IN PUBLIC PLACES
SAFE CITIES AND URBAN PLANNING MODELS

ABS India....

Propagates principles and theories of CPTED towards **URBAN SECURITY**

Is the Indian thinktank for the Indian versions of strategies, found to be in use since centuries as a part of our culture, tradition & **URBAN LIVEABILITY**.

Initiated research showcased to the world and global exchange of knowledge for the learning and application by global think tanks towards **URBAN RESILIENCE**.

CONFERENCES

ABS India is invited to many events for sharing the research on these specialised topics. The knowledge sharing on these international and national fora help the Indian CPTED grow as much as they contribute to the global knowledge banks. ABS India leads the way in public advocacy grabbing any and every chance to spread knowledge and awareness about this subject not only to the designers and security professionals but also the drivers of the urban environment.

IDOC2019

International Design Out Crime and CPTED Conference

Edith Cowan University, Perth, Western Australia

Invitation to IDOC2019 Conference 13-15th February 2019

GD Goenka University
School of Architecture and Planning

CHINTAN 2020

CONTEMPLATING BUILT ENVIRONMENT

सत्यमेव जयते

भारत सरकार
Government of India

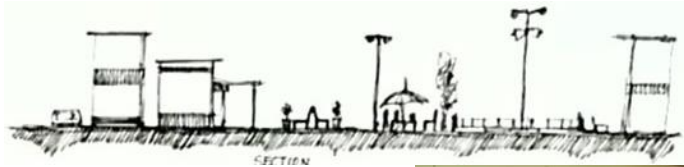

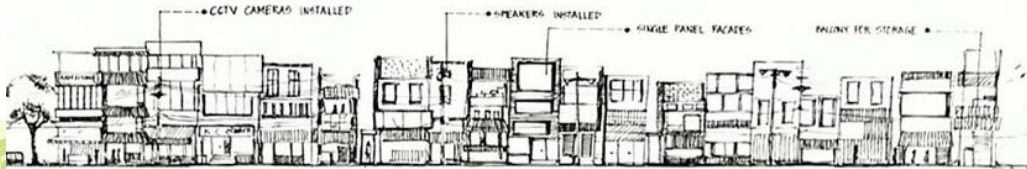

राष्ट्रीय महत्वपूर्ण सूचना अवसंरचना संरक्षण केन्द्र
National Critical Information Infrastructure Protection Centre
(A Unit of NTRC)

ABS India keeps organising workshops for students of Architecture and other affiliated courses to share this all important aspect of design. We also participate in many such events by other affiliated partners and other bodies of security professionals to

- Spread the awareness
- Share knowledge
- Offer consultancy
- Forge partnerships

ABS India looks to participate in many more such events and invites partners in their mission of public advocacy towards betterment of urban livability.

JULY
25

09:30 Registration
10:00 Introductory lecture
-Need and Relevance
-Safety vs Security
12:00 Presentation of Case Studies
01:30 Lunch Break
02:30 Lecture on CPTED and its applications
03:30 Studio Exercise
05:00 Review and Presentation

26

09:30 Session on counter terror
11:00 Guest Lecture
12:00 Briefing about field study
12:30 Lunch Break
01:30 Field Study
03:00 conclusive on site discussion

27

09:30 Briefing about presentation
10:00 Studio
12:30 Lunch Break
01:30 Presentation
04:30 Closure
05:00 Certificate Distribution

SECURITY BY DESIGN
THE NEXT BIG LEAP IN ARCHITECTURE

AFFILIATIONS

ABS India is the official Indian chapter of the **INTERNATIONAL CPTED ASSOCIATION (ICA)** based in Calgary, Canada.

We are listed on the ICA website as 'Friends of ICA'.

You can visit them <http://www.cpted.net/>
